

FALL / SEVENTEEN

DARK SEAS
MMIX
DIVISION

Carl A. Grundén began producing traditional waterproof oilskins in 1911 for the fishermen of the North Sea in Grundsund, Sweden. Material shortages during World War I forced the company to close but in 1926 Grundéns Regnkläder AB was founded, and has been producing quality gear ever since.

Grundéns is built by fishermen. Our way of thinking and being as fishermen made Grundéns what it is today, and will continue to shape our future.

We believe in PREPARATION. For fishermen, careful planning and total dedication decide how successful, or enjoyable, a trip will be. Or even whether we'll survive. We believe in applying this philosophy to all that we do. Taking time to prepare, and getting things right, can be as exhilarating as the big catch.

We believe in RESPECT. We live off the sea, lakes, and rivers. We understand how powerful nature can be, and the need to protect us from its force. We also see how very fragile nature is and know it is our responsibility to take care of it. Respect for nature in all its sense must guide all we do.

We believe in ADVENTURE. The love of exploring, challenging, and achieving is ingrained in every fisherman. It's also the very thing that makes us push boundaries, seeking the next. We must always be on our toes, ready to experiment, innovate, and disrupt. Staying put will never be for us.

We believe in THE REAL THING. Fishing is about enjoying and being part of nature at its most honest. It's about finding pleasure and performing in all sorts of conditions. We live to enable people doing just that. These are our roots. And this is our future. WE ARE FISHING. Learn more at Grundéns.com

There are a handful of brands that manage to stand the test of time and leave an indelible impression on those that can appreciate them. Here at Dark Seas, we have always admired the history, functionality, and innovation the Grundéns brand is synonymous with.

We began a relationship with Mat Jackson and his team at Grundéns this last year and found some commonalities in our passions for the Sea. In one of our conversations Mat talked about how he always thought of the ocean as the "great uniter". We couldn't agree more and looking back, the sea was the catalyst for our brands to come together. We exchanged stories about growing up fishing, surfing, and spending time on boats and the people you came across that shared the same interests. The further we talked the more it became clear that both of the brands complimented one another in their own unique way.

We are privileged to have the opportunity to work with Grundéns. This Fall 2017 collection marks the launch of our first offering.
