THE  NEW
 OUTDOOR™

THE NEW OUTDOOR™

We know the old outdoor. It's focused on hyper-specialized gear, the pursuit for once in a lifetime activities, and the desire to be part of an exclusive club that few can join. We've been there, and it's one of the reasons we started Topo Designs.

For over a decade, we've been charting a new path, to inspire people to continuously redefine what the outdoors means to them, how they integrate it into their life, and be an inspiration for others to do the same.

We see a *New Outdoor*, one that expands the very definition of being outside. It's an inclusive place that allows us, regardless of who we are, to be both the outsider and the insider, the novice and the pro. We're rooted in versatility which allows us to do more with less, and blur the boundaries between life and outdoor. Ready to be repurposed and never retired, we design for longevity and timeless utility. Find your kit. Live in it.

Meet us in The New Outdoor™.

OUR ROOTS

Growing up in the West, Jedd Rose and Mark Hansen were always interested in spending time outside and finding the right gear for getting out: classic, mountain-inspired carry-all bags and comfortable, functional, wear-it-everywhere apparel. And when they couldn't find what they were looking for—simple, well-designed products like the ones they grew up with—they realized they had two options: compromise or create. Luckily, Jedd and Mark decided on the latter, and Topo Designs was born.

Our origin story is evident in every one of our pieces. Each product we make is unmistakably—and unapologetically—Topo Designs: the pairing of classic styling and our core color palette, a mix of the high-quality, durable gear we use and love every day, inspired by heritage outdoor styles, classic military shapes and our Western roots.

MAP GUARANTEE™

We build products that stand the test of time and work anywhere on your map. Wherever you're headed, we guarantee that everything we make will go out and come back in one piece, year after year.

The MAP Guarantee is our commitment to you, and to the quality of our products. We offer a lifetime warranty on all bags against defects in materials and workmanship. We also offer a limited warranty on our apparel to cover problems with the material or workmanship. If you're not ready to let go of a well-loved piece, we offer a repairs program to fix up old favorites.

DESIGN

It's in our name for a reason. Everything we do—every sketch, snap, button, shank, rivet, zipper, paracord loop, double-layer, triple-stitch, cover stitch, lock stitch, pattern, cinch cord, bar tack, gusset, lining, pocket, cuff, collar, brim, buckle, sleeve, hem, yoke, pull tab, storm flap, thread color, lab dip, belt loop, vent, care label, pleat, dart, zip pull and lash tab is the result of (many) conscious design decisions.

Our attention to detail and design is what make our products functional and versatile enough to fit into your life and stay there.

SUSTAINABILITY

As a brand, we know it's our responsibility to make sure every step of our manufacturing process is as sustainable as it can be. Our holistic approach to sustainable manufacturing can be summed up by our focus in three key areas: environmental impact, durability, and social ramifications.

Environmental impact:

We practice responsible sourcing and manufacturing, carefully monitoring factors like energy use, waste and chemicals to ensure that the impact we leave on communities—and the earth—is as positive as possible. We work with sustainability-minded manufacturing partners who use green-based chemicals and efficient dyeing techniques to ensure our products, and our process, are advancing with developments in eco-friendly technology.

Durability:

We believe in sustainability by durability. By building products to be tough enough to withstand years of wear and offering our MAP Guarantee™ to repair, rather than replace, gear that has been loved a little too hard, we're able to reduce waste at the individual consumer level.

Social ramifications:

All of our local and international manufacturing partners adhere to Fair Labor guidelines and maintain certifications and best practices needed to fully support our expectations as they relate to the health and well-being of our partner workers.
