Spring 2022 Selected Bags

The New Outdoor

We all know the old outdoor. It's focused on hyper-specialized gear, the never-ending quest for once in a lifetime activities, and the desire to be part of an exclusive club that few could ever join. We get it, we've been there, and it's one of the reasons we started Topo Designs.

We see a New Outdoor, one that expands the very definition of being outside. It's an inclusive place that allows us, regardless of who we are, to be both the outsider and the insider, the novice and the pro. It embraces utility, which allows us to do more with less, and blur the boundaries between life and outdoor. Above all, it approaches sustainability as a way to design life, rather than an isolated initiative or short-term fix.

Join us, invite others, and let's step into The New Outdoor.

The background features a dark blue area on the left and bottom, transitioning into a lighter teal area on the right. The text 'ROVER PACK' is centered in the teal section.
